SENATOR PIRSCH: And the \$50,000.00 they feel would be adequate to renovate and to move?

SENATOR WESELY: Right. What it is, Senator Pirsch, is they have already got these cash funds and we haven't appropriated it for any other purpose and we are saying we would end up saving...one estimate is up to \$70,000.00. The other one at the bottom is \$30,000.00 because this place they are at now is just very wasteful. They want out. They want to find a place that will save money and they think this would save money in the long run so they are asking us to help them. In that transition they will spend \$50,000.00 to relocate but they will end up saving like Senator Warner said, they spend \$129,000.00 right now for utilities and personnel services and some other things. They don't have to spend that much if they just rented it or leased it.

SENATOR PIRSCH: They must have done some preliminary....

SENATOR WESELY: Oh, yes.

SENATOR PIRSCH:looking to have an idea.

SENATOR WESELY: Yes, they have looked at this about a year, Senator Pirsch.

SENATOR PIRSCH: Okay, thank you. It sounds like a good proposal.

SENATOR WESELY: Yes, it would save money.

SENATOR PIRSCH: Thank you.

SENATOR LAMB: The Chair recognizes Senator Marsh.

SENATOR MARSH: Mr. Chairman and members of the Legislature, I rise to strongly give my support to Senator Wesely's amendment and urge the members of this body to do so. Thank you.

SENATOR LAMB: Senator Wesely, would you care to close on your amendment? Senator Wesely waives closing. The proposal is to adopt or reject Senator Wesely's amendment. Those in support vote aye, those opposed vote nay. Voting aye, Mr. Clerk.

CLERK: Senator Lamb voting yes.

SENATOR LAMB: Have you all voted? Have you all voted? Record, Mr. Clerk.
